## EDUCATION

**Dr. APJ Abdul Kalam Technical University**

*B.Tech in Computer Science and Engineering — CGPA: 7.4*

**2023 – 2027**

*Lucknow, India*

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, SQL, C, Python

**Frameworks & Technologies:** MERN Stack (MongoDB, Express.js, React.js, Node.js), Servlets, JDBC, REST APIs

**Databases:** Oracle DB, MongoDB

**Developer Tools:** VS Code, Eclipse, Git, GitHub

**Core CS Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Multithreading, Exception Handling

**Web Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, Express.js

## EXPERIENCE

**ByteCode IT Solutions**

**Sep 2024 – Dec 2025**

*Java Developer Trainee*

*Kanpur, India*

- Engineered scalable backend services using Core Java and Servlets, processing HTTP requests efficiently for web-based applications serving multiple concurrent users.
- Integrated JDBC with Oracle Database to design and optimize SQL queries, reducing data retrieval time and ensuring data integrity across workflows.
- Implemented multithreading and robust exception handling mechanisms to improve application stability and performance under load.

## PROJECTS

**Student Management Web Application** 📄 | Java, Servlets, JDBC, Oracle DB, HTML5, CSS3, SQL

- Architected and deployed a full-stack Student Management System handling end-to-end student lifecycle operations including registration, academic record tracking, course enrollment, and performance reporting.
- Built a robust backend using Java Servlets to manage business logic and RESTful request handling, ensuring efficient server-side processing and clean separation of concerns.
- Designed a normalized Oracle Database schema with optimized SQL queries to securely store and retrieve student records, reducing query latency and maintaining referential integrity.
- Created a responsive UI with HTML5 and CSS3, ensuring consistent cross-device compatibility and an intuitive user experience for administrators and students.
- Tech Stack: Java, Servlets, HTML5, CSS3, Oracle Database, SQL, JDBC*

## RELEVANT COURSEWORK

- Core Java • OOP • DSA • Oracle DB • DBMS • Computer Networks • Operating System • Software Engineering • MERN Stack

## CERTIFICATIONS

- DSA in Java - Coding Blocks
- Full Stack with Java - ByteCode IT Solutions
- System Design - Coding Blocks

## EXTRACURRICULAR

- Solved 200+ problems on LeetCode
- Volleyball Team Captain — led and coordinated team strategy for inter-collegiate competitions;
- Active Basketball player at college level
